Snow White and the Seven Little People by Manuella, Masai, Marcell and Wendy

Once upon a time first of all there was a mum and a Snow White. They lived in a castle. The mum said, "Mirror mirror on the wall, who is the fairest of us all?" She said this all the time and got cross everytime she heard the mirror say Snow White. So she made her go where they put all the other people they didn't like. They put her in the forest.

She didn't want to go but was happy when she found a house. She had to change everything to go into the house. She was a giant and didn't fit. The people who did fit in the house were happy and singing. She was different and they didn't even laugh at her. They said she can stay if she is happy. She was happy so she stayed.

The bad witch boy gave her a dirty apple and didn't even wash it. This made Snow White sick and die. Everyone was sad. Then the prince kissed her hand and they lived in Hackney. They died and that's the end, their last day.
